

Parcel Lookup Tutorial

A brief overview of how to use the Town of Westford Parcel Lookup Tool

The screenshot shows the 'Town of Westford, Massachusetts Geographic Information System' header. Below the header is a section titled 'Locate a Parcel'. A blue instruction text reads: 'Provide one or more search criteria in the fields below, then click the Search button to find properties matching those criteria.' There are three input fields: 'Street:' with a dropdown menu showing 'Select Street...', 'House Number:' with a text box and the label 'starts with', and 'Parcel ID:' with a text box and the label 'starts with' and a note 'format XXX XXXX XXXX'. A blue 'Search' button with a magnifying glass icon is positioned below the fields.

Access by the tool by selecting **GIS Viewers**  on the left side menu Town homepage

Locate a Parcel

Enter criteria in the fields below, then click the Search button to find properties matching those criteria.

Street:

House Number:

Parcel ID:

format XXX XXXX XXXX

starts with

starts with

Use the drop down menu to select a street name

If you know the house number, enter here. If not, leave blank

After you select your criteria use your mouse to select the search button (or hit enter on the keyboard)

You can skip the street and house number and enter the parcel number here. You may also use a partial number.

Locate a Parcel

Provide one or more search criteria in the fields below, then click the Search button to find properties matching those criteria.

Street:

House Number: starts with

Parcel ID: starts with
format XXX XXXX XXXX

You can start a new search at any time
